PROFESSIONAL SUMMARY

Senior MEAL Officer with 11+ years of progressive experience designing, implementing, and managing MEL technology platforms and results-based management frameworks across national development programmes in public health, agriculture, and livelihoods. Deep expertise in logical framework (logframe) design, Theory of Change development, indicator tracking, and data quality assurance. Proficient in Microsoft 365 (SharePoint, Teams), Google Workspace, Power BI, KoboToolbox, and OpenMRS for end-to-end data collection, management, analysis, and reporting. Proven track record leading over 60 person cross-functional field teams, managing over 25,000 participant databases, and building MEL capacity of implementing partners and community staff. Certified in MEAL DPro, PMD Pro, and Generative AI. Committed to applying AI-powered solutions, adaptive management, and evidence-based learning to drive programme accountability, donor compliance, and development results.

TECHNICAL SKILLS & CORE COMPETENCIES

MEL Frameworks & Tools: Logical Framework (Logframe), Theory of Change (ToC), Results-Based Management (RBM), MEAL DPro, PMD Pro

MEL & Data Platforms: Microsoft 365 (SharePoint, Teams), Google Workspace (Sheets, Drive), KoboToolbox (Advanced XLSForm)/ASER, Power BI/TaRL, Power Query (M-code), REDCap, ODK

Data Management & Quality: Data Quality Assurance (DQA), Data Triangulation, IPTT, Database Security & Compliance, GPS Mapping, Biometric Enrollment

Reporting & Visualisation: Power BI Dashboards, Infographics, Actuals vs. Targets, Quarterly & Annual Reporting, Donor Reporting, Data Storytelling

Evaluation Methods: Baseline & Endline Surveys, Needs Assessments, Process & Outcome Evaluations, After Action Reviews (AAR), Most Significant Change (MSC)

Programme Management: Risk Registers, Issue Logs, Adaptive Management, Institutional Capacity Strengthening (ICS), Knowledge Management Systems

AI & Emerging Tech: AI-powered MEL Solutions, Generative AI Tools (daily workflow), ICT4D, Oracle Cloud Infrastructure

Health Information Systems: OpenMRS, NMRS, National Data Repository (NDR), LIMS

Compliance & Safeguarding: Data Protection & Consent, PSEAH/Safeguarding, Donor Compliance (USAID, EU, UN), Research Ethics

Leadership & Collaboration: Cross-functional Team Leadership, Partner Capacity Building, Multi-stakeholder Reporting, Community Accountability

PROFESSIONAL EXPERIENCE

Senior MEAL Associate

Caritas Nigeria — B-SLIC Project (Agricultural & Livelihoods) | Lagos / Ekiti State, Nigeria

Nov 2022 – Present

- Led cross-functional team of 60+ personnel to register and verify 25,000 households across 8 LGAs using mobile data collection tools.
- Designed and maintained programme logframe and results-based management (RBM) framework, aligning indicators with donor reporting requirements.
- Managed Microsoft 365 (SharePoint) and Google Workspace for programme data management, producing consolidated multi-source reports for internal and external stakeholders.
- Built automated Power BI dashboards integrating KoboToolbox via Power Query M-code, enabling real-time KPI and performance tracking.

- Designed advanced offline KoboToolbox XLSForm tools with GPS tagging and photo evidence, upholding data integrity standards across all field sites.
- Managed IPTT to track actuals vs. targets across quarterly and annual reporting cycles, ensuring timely donor compliance reporting.
- Standardised ICS reporting processes across all implementing partners, ensuring uniform data quality and programme accountability.
- Maintained cloud-based knowledge management system enabling seamless access to reports and lessons learned across stakeholders.
- Built and maintained accountability dashboard tracking community feedback; ensured prompt issue resolution in line with PSEAH protocols.
- Conducted rigorous Data Quality Assurance (DQA) on all Means of Verification; led routine onsite distribution monitoring and partner site visits.
- Led baseline, endline, and needs assessment data analysis; presented actionable findings and adaptive management recommendations at annual review workshops.
- Advised team on AI-powered MEL solutions; applied generative AI tools daily for automated insight generation, data cleaning, and report drafting.
- Developed dynamic risk registers and issue logs, proactively mitigating operational, environmental, and data quality threats.
- Designed logistics tracking tools for store management and vehicle fuel consumption, improving cost efficiency and resource accountability.

Senior Monitoring & Evaluation Assistant

ECEWS – SPEED Project (prev. Caritas Nigeria – 4GATES Project) | Brema Hospital, Kwale, Delta State

Oct 2018 – Nov 2022

- Promoted from Data Entry Clerk to Senior M&E Assistant within 2 years based on outstanding data management and system performance.
- Maintained 2,000+ longitudinal patient records across OpenMRS and NMRS, achieving a 90%+ data performance rate across enrollment, linkage, and viral load suppression indicators.
- Facilitated real-time NMRS uploads to the National Data Repository (NDR), ensuring data availability for national health performance monitoring.
- Conducted weekly data triangulation and DQA between physical line lists and EMR, maintaining 100% patient data confidentiality and security compliance.
- Tracked high-priority HIV/TB indicators including PMTCT enrollment, Early Infant Diagnosis (EID), and Isoniazid Preventive Therapy (IPT) commencement.
- Presented programme performance data at 48 consecutive monthly Continuous Quality Improvement (CQI) meetings, supporting evidence-based adaptive management.
- Built MEL technology capacity of community partners and LGAs on OpenMRS and NigMRS implementation, troubleshooting, and data reporting.
- Prepared bi-monthly laboratory and pharmacy logistics reports for submission to the LIMS platform, supporting supply chain accountability.
- Tracked 18-month child cohort follow-up under PMTCT, supporting retention and early diagnosis monitoring.

MEL Research Assistant

Caritas Nigeria – iSTAR Project | Katsina-Ala LGA, Benue State

Dec 2016 – Sept 2018

- Managed MEL database for 2,000+ study participants; overseeing data entry accuracy, integrity, and programme reporting standards.
- Supported Theory of Change (ToC) implementation and outcome monitoring across 3 health facilities and 8 community-based centres.
- Built MEL capacity of 48 community-level facilitators on programme protocols, mobile data collection, and routine reporting systems.
- Generated bi-monthly data and laboratory reports; managed specimen logistics from satellite facilities to central laboratory supporting evaluation cycles.

- Conducted follow-up visits to improve participant retention rates, supporting long-term programme evaluation integrity and data quality.
- Managed weekly programme finances for community-level activities, ensuring accurate fund liquidation and financial accountability.

Earlier Experience (2011–2016)

Biometric data enrollment (BVN Agent — Chams Plc / Bank of Agriculture) and voter registration roles with INEC provided foundational expertise in biometric data management, field operations, system integrity, and stakeholder coordination across Benue State.

EDUCATION

Bachelor of Engineering — Agricultural & Environmental Engineering

University of Agriculture, Makurdi | Benue State, Nigeria

Jan 2009 – Sept 2014

- Second Class Honours, Upper Division — GPA: 3.99
- Thesis: Design, Construction & Performance Evaluation of a 5° Compound Parabolic Concentrator (Solar Collector)
- 3rd place, Inter-University Essay Writing Competition — Nigeria Society of Engineers (2011)

National Youth Service Corps (NYSC)

Ministry of Agriculture, Bauchi State | May 2015 – May 2016 | Supported agricultural data collection and rural community outreach.

LICENSES & CERTIFICATIONS

Monitoring, Evaluation, Accountability & Learning

- **Competency in Results-Based Monitoring & Evaluation, for evidence-informed programming** | Clones house Foundation (Sept 2025)
- **MEAL DPro** | Humanitarian Leadership Academy (March 2023)
- **Monitoring & Evaluation in Global Health** | University of Washington (March 2021)
- **Project Management for Development Professionals (PMD Pro)** | PM4NGOs (June 2023)
- **Introduction to MEAL** | Kaya Connect (2022)
- **Excel 365 Advanced, Data Analysis & M&E Practices** | Save the Children Foundation (2021)

Data Analysis & Visualisation

- **DFA Data Analysis** | TECH4DEV & NITDA (Sept 2025)
- **5-Day Power BI Workshop** | Data Lead Africa (Sept 2024)
- **Introduction to Power BI** | UNICEF and OCHA (July 2024)
- **Data Analysis & Visualisation** | AltSchool Africa / 3MTT Programme (July 2024)
- **Learning Data Analytics, Excel & SQL Essential Training** | LinkedIn Learning (2020)

Artificial Intelligence & Technology

- **Career Essentials in Generative AI** | Microsoft & LinkedIn Learning (Sept 2024)
- **Oracle Cloud Infrastructure Foundations Associate** | Oracle University (Feb 2022)
- **MySQL Database Service & Oracle Cloud Support Accreditation** | Oracle University (2022)

Project Management

- **PMD Pro — Project Management for Development Professionals** | PM4NGOs (June 2023)

Health & Research Ethics

- **Nigerian National Code for Health Research Ethics** | Centre for Bioethics Research, Ibadan (Oct 2022)
- **Responsible Conduct of Research & Social Behaviour Investigator** | Centre for Bioethics Research (April 2017)

Climate, Environment & Others

- **Master on Environmental Journalism, Storytelling & Education** | Eco-Friendly Africa Initiative & Climate School (Jan 2024)

KEY TRAININGS & WORKSHOPS

- Capacity Building on Proposal Writing and Development — Caritas Nigeria, Ikeja, Lagos (April 2026)
- TOT on Safeguarding and PSEAH — Caritas Nigeria, Abuja (April 2023)
- 5-Day Disaster Management Training — Ikeja, Lagos (July 2024)
- Staff Safety & Security Awareness — Virtual Workshop (February 2024)
- Advanced HIV Disease Training & Case Management Training (CMT) — Caritas Nigeria (2022)
- Nigeria Infection Surveillance & HIV Recency (RTRI) Mop-Up Training — Asaba (April 2022)
- REDCap Training for Research Assistants — IHVN & Caritas Nigeria, Abuja (2017)
- PMTCT, Cohort Monitoring & Early Infant Diagnosis (EID) Workshop — Caritas Nigeria (2020)
- Outcome & Evaluation Forum — Caritas Nigeria (2021)
- Commodity Module & LIMS Training — Caritas Nigeria (2021)

LANGUAGE PROFICIENCY

English: Fluent (Professional) | **French:** Basic (in progress) | **Hausa:** Basic
